Notes:

- 1) VAT number is required of all companies registered in EU. Companies outside EU please show local equivalent.
- 2) Show NACE activity codes only if known for the business.
- 3) The percentage of turnover may be provided as an approximation and/or estimation solely to indicate active business areas.
- 4) The "Other categories" are specified only for activities not covered by any of the above. In this case activities should be briefly mentioned, e.g. cleaning products, white & brown appliances, TV productions, sportswear, etc.
- 5) In "Indicative projects & clientele", a brief reference to indicative projects and clients per category is requested. We do not request a detailed clientele list, neither confidential data.

Instructions:

- The form is to be filled in by interested party and data must be updated every year.
- The completed form is scanned and sent electronically along with the attachments (tax & insurance clearance certificate, ISO certifications etc, audited financial statements.).
- Documents attached must be in Greek or English. Other languages must be translated, an official translation is not necessary.
